

Peter Peacock's Treasure Trail

Pesky Peter Peacock, who strolls throughout the grounds, has stolen the key to the animal food store and locked it inside a safe where nobody can get to it.

You must complete Peter's eight game challenges to gather the code for the safe and release the key as the animals are starting to get very hungry.

Instructions

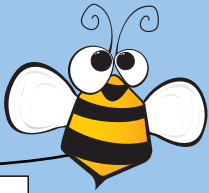

Locate the eight game boards within the Old Stock Garden and complete the challenges to get the 8 digit code for the safe.

When you have the code, find the safe located near the café and enter your code to see if you are correct.

To enter the code into the safe you must press the ENTER button, type in your 8 digit code and then press the green key symbol. If you are successful the door will open and your prize will be revealed.
